

# Milk Quality and Products

**Contact:** Jared Parsons, jsp007@ksu.edu

**Location:** Remote/Virtual

**Contest Date:** TBD

## General Information

The 2021 Milk Quality and Products CDE will be hosted virtually this year. Some parts from previous years have been omitted from the contest. The following parts will make up the 2021 CDE:

Part 1: MC test concerning milk production and marketing (30 questions)

Part 2: Problem solving (MC test concerning milk quality, calculations, cleaning and sanitizing procedures)

Resource information: As listed in the National FFA Dairy Foods CDE Guidelines.

Students may use a non-programmable calculator.

Team consists of four members. All four individual scores count towards team total.
