Friends and Supporters of the FFA,

Thank you for taking the time to attend Our Youth. Our Future. Our Kansas FFA presentation.

For many of us that were FFA members before, the skills and lessons we learned from our agricultural experiences have shaped our careers in several ways. As a foundation, we are proud to support such an outstanding group of service-oriented, motivated and passionate young leaders.

There is an inherent responsibility to set an example and provide support in the communities in which we live and serve. Therefore, we are proud to support our FFA chapters across the state that help to improve their local communities.

During the presentation, you were made aware of our organization's exciting future, challenges, and opportunities. As we look forward to the Kansas FFA's continued success and responsible growth, the resources needed to accomplish this do not happen without your generous support and advocacy.

If you are a current Kansas FFA foundation donor, we thank you for your support and encourage you to tell others about your passion of the organization. If you are considering increasing your current contribution or becoming a new donor, we welcome your support and generosity. Thank you for your consideration.

We cannot do what we do without YOU!

Thank you,

Halley Nett
Kansas FFA Foundation Chair
